The Introduction

"Ground Control to Major Tom.... Ground Control to Major Tom, take your protein pills and put your helmet on..... "

MetaSupernauts is a community driven token with static reflections that rewards holders automatically. Launching on Binance Smart Chain 2022. Community driven and rugpull safe .. Ownership of this Contract will be renounced once Fair Launch commences.

GODSPEED!!

METASUPERNAUTS TOKEN

THE LEGEND..THE DREAM..THE VISION

Sometime long ago one of the bravest astronauts ventured into the unknown reaches of space, and while doing so became lost after losing contact with ground control. From this the Legend Of Major Tom was born, a Super Astronaut who has traveled the stars and beyond to become a MetaSupernaut! Hence the birth of this project and vision was Born.

SUPERNAUT SWAP..THE DEX..UTILITY

The growing cryptosphere is becoming a part of everyday life and decentralized finance is becoming more prevalent among the nations. With this comes a call to action and foundation for transparency and limitless potential. Then the SupernautSwap vision came into focus. MetaSupernauts own DEX decentralized exchange, enhancing utility within the ecosystem.

METASUPERNAUTS DEBIT CARD..TEXTBIT..MOBILE WALLET APP

With the MetaSupernauts crypto debit card, holders will be able to buy and make payments, send and convert MetaSupernauts token into other token. Also with textbit technology they can text payments to other people worldwide.
